ORDER

On 06 July 2026, the Commission issued an *Order* resolving, among others, to extend the suspension of the collection of the GEA-All charge for two (2) months, covering the July and August 2026 billing months.

Relative to the foregoing, the Commission notes that, as of 05 August 2026, the GEA-All Fund has a remaining balance of PhP556,913,662.99, which is more than sufficient to cover the estimated monthly payment requirements for eligible Renewable Energy (RE) developers for the period covering the suspension for four (4) months (September to December 2026 billings), even with the projected entry of three (3) additional plants into the program by August 2026.

The Commission further notes that the Philippines remains under a State of National Emergency pursuant to Executive Order No.

110¹ which was issued to address imminent energy security threats and supply volatility arising from geopolitical tensions in the Middle East.

In view of the foregoing and considering the healthy financial condition of the GEA-All Fund, the Commission finds it prudent to suspend the collection of the GEA-All charge for another four (4) months, covering the September to December 2026 billing months.

WHEREFORE, the Commission hereby **RESOLVES**, as follows:

1. Suspension of the collection of the GEA-All charge is hereby **EXTENDED** for four (4) months, covering the September to December 2026 billing months;
2. The Independent Electricity Market Operator of the Philippines (IEMOP) shall continue collecting and remitting the Actual Cost Recovery Revenue;
3. The National Transmission Corporation (TransCo) shall continue paying the GET obligations to GET plants; and
4. Collection Agents are directed to submit formal compliance reports, which must include a transmittal letter and sample bills demonstrating the suspension of the GEA-All line item, **within fifteen (15) days** after the close of December billing.

SO ORDERED.
